Book Review: Navy Seal Shooting5 Ways to Shoot Just Like a Navy SEAL ShootsChris Sajnog reached out to us here at The WON before his book, Navy SEAL Shooting: Learn how to shoot from their leading instructor, was published this past August. It sounds a little ominous and maybe intimidating, but instantly Sajnog put me to rest with his conversational, yet authoritative, approach to teaching gun skills.Background on Chris Sajnog: Retired Navy SEAL master firearms instructor, Neural à “Pathway Training expert, Disabled Veteran Small Business owner, Chris Sajnog is one of

the most respected firearms trainers in the world. Here are 5 ways from the book that Iâ™ve immediately adopted so that I can shoot more like a Navy SEAL. I highlighted the book as I read it, so that I could come back to it and refresh my memory and also, let you know how meaningful it was to me. Love for the people in our lives is the reason true warriors train. Because âœmotion comes from emotion,â • Sajnog believes that you will train for either competition shooting or personal defensive shooting based on love. You will love the sport of shooting or you will love the idea of being able to defend yourself, your friends and family. Once you realize that your need to learn to shoot well stems from this love, itâ™s easy to justify to yourself and others the time and expense required to be a better shooter. You must have a training plan, and stick to it. Sajnog urges you to discover your weakest areas of shooting and hone in on training to make yourself a better shooter faster. Donâ™t waste time doing the easy drills that either come naturally or that you are already good at doing. That means, you must set goals.
