Customer Reviews

This harmonica play-along book seems to imply that it will show you how to play harmonica like Bob Dylan, and this is not true. It shows the notes that Bob Dylan sang - it DOES NOT transcribe the notes that he actually plays on harmonica. In other words, this book does not show how Bob Dylan plays harmonica. See "The Harp Styles of Bob Dylan" by Amy Appleby for a songbook that comes closer to showing how Bob Dylan plays harmonica. I suggest that you go to the Sheet Music Plus website and search on "bob dylan harmonica" and compare "The Harp Styles of Bob Dylan" to "Bob

Dylan - Harmonica play-Along" to see for yourself.

I found this book way too advanced for a beginner and not really authentic with respect to the way Dylan played these songs. It does present a way to play these songs fully rather than as the fill or backup that Dylan played to complement his singing and guitar playing.

Easy to play along with CD on Dylan songs you already know. This book and CD are very helpful for novice players.
