How To Turn A Photograph Into A Clay Sculptured Model: Book 1 (How To Sculpture With Air Drying Clay And Painting Techniques.)

Synopsis

number 1 Best Seller.Learn how to easily sculpt wood grain, stone, doors, rough rock and metal effect textures, and use these skills to create a sculptured model using air drying clay.IMPORTANT: Because of the quantity of images and the restrictive file size of some devices, the instructions continue in Book 2. The combined price for both remains the same as if it was all contained in 1 publication.In book 2, as well as completing the clay parts of the sculpture, you will also learn how to model a hand rail for the steps from resin, metal effect door handles, etc. from clay. Two different ways to create resin lanternâ™s and step by step instructions on how I painted the model and frame.
