Customer Reviews

If you love photography and suck at it, like I do - this book is for you! I have a dslr and I never use it because I can't seem to take beautiful pictures. After reading this book, I am more than psyched to try it out again! It explained the camera, it's parts, how to use them, how to correct your photography mistakes and a whole lot more. It's a real life saver. Highly recommended!
