The Strategic CIO: Changing The Dynamics Of The Business Enterprise

Synopsis

Recognized as One of the Best Business Books for 2014 by CIO Magazine Based on interviews with more than 150 CIOs, IT/business executives, and academic thought leaders, *The Strategic CIO: Changing the Dynamics of the Business Enterprise* provides insight, success stories, and a step-by-step methodology to transform your IT organization into a strategic asset that drives customer value, increases revenues, and enhances shareholder wealth. The book details how strategic CIOs from FedEx, Procter & Gamble, McKesson, and other leading companies transformed their organizations. It illustrates the methods these CIOs used to become strategic partners that collaborate effectively within their organizations to leverage information and technology for a competitive advantage. The text will help you assess the key competencies and skills required by IT personnel to partner with your business teams to create new and enhanced products and services that create customer value, increase margin, and enhance shareholder wealth. The book includes powerful methodologies, time-saving templates, proven best practices, and helpful assessments. It also details a four-phase methodology, along with the associated activities and tools, to help your IT organization successfully transform into a strategic IT organization. Gain insight into the four domain competencies and twelve associated skills required to build effective strategic IT organizations. Build your roadmap to success using the transformation methodology described in the text and you will be on your way to making your organization a strategic IT organization. Read Philip Weinzierl's recent article that appeared on CIO.com.
