Best Sellers Rank: #33 in Books > Audible Audiobooks > Language Instruction > Spanish #155 in Books > Education & Teaching > Schools & Teaching > Education Theory > Experimental Methods #223 in Books > Audible Audiobooks > Nonfiction > Education

Customer Reviews

Another great product to practice verb drills. But warning it does not give you a lot of verbs. Just the few it gives makes the accompanying audio 15 hours. If you like verb drills make sure you buy the audio to go with it.

As the title suggested, this book is a supplemental resource for people who are already learning

Spanish. This is by no means a primary Spanish textbook. What I like about this book is that I get access to the mp3 recordings. The speaker was very clear. She would read out slow, and then fast. At the end, there would be a little quiz where the audience could fill in the blanks. I find that very helpful. I can just set it on repeat and remember the combinations.

The book is simple and easy to navigate. I think it would help if it is explained a little more. For example, when you say participio for the tense it would be a lot easier to understand if the English word was there too. Other than that, the book was easy to understand. I knew what I was reading and I enjoyed looking at the different ways to say the verbs.

The Good: The combination of both the book and the audio helps to address verbs which are very tricky at times. The Bad: Not much really, a video instead of just audible could help a bit more, but it's not the end of the world.

This is an excellent study tool if you already have some experience in Spanish. It is helpful to hear the phrase and then repeat it. The link to the audio in the back of the book didn't work, but an email address is given and they were quick to send the correct audio.

This book is straight forward and helps a lot with learning verbs and tenses in Spanish. Glad to have this now that I am learning Spanish. Wish I would have had this in high school. Would recommend this to anyone that is taking Spanish or learning for fun.
