How To Restore And Customize Automotive Interiors (Motorbooks Workshop)

Synopsis

A major part of any auto restoration is bringing the interior back to life, and How to Restore and Customize Automotive Interiors provides you with the tools and knowledge you need to tackle any job on any type of car, from prewar classics to full-on customs to modern vehicles. Veteran author Dennis Parks takes you step-by-step through all the processes, from restoring seats, door panels, floor coverings, and headliners to adding sound dampening and thermal insulation. With tips and advice for selecting the right tools and planning your job, as well as maintaining your restored interior, How to Restore and Customize Automotive Interiors is the only book you'll need to get the job done. *Installing Floor Coverings* *Repairing and Re-covering Seats* *Making Custom Door Panels* *Crafting Custom Headliners, Consoles, and More* *Upholstery Maintenance and Care*

Customer Reviews

Dennis Parks' update of "How to Restore and Customize Auto Interiors" is an excellent successor to the first. The photos are crisp, the instructions explicit, and the tools, techniques, and walk-throughs within the book are easy to follow and understand. Anyone interested in this subject will enjoy this book.

Very good, real world information. Made life, as for learning the beginning stages, a lot easier. First book I read of the 5 that I had purchased and it helped me read the other four books, as if I knew a

little about the profession.

Was very informative about things you could do to customize your interior

More detail pictures would help, but I am a visual person.
