Customer Reviews

A great guide to the whole area of Washington D.C. I recommend this to anyone planning to visit the area. It came packed well in good shape and ready to read. A lot of interesting facts in this book, it's very interesting and you too will enjoy this.

Alison Fortier has lead a brilliant career at the highest levels of the federal government and the DC private sector. Her wonderful book should be required reading for even those of us who have lived in DC much less visitors curious about our nation's capital and the places to see of historical significance or just fun to visit. Of note, are special places of historical importance for African Americans to visit. Bill Dabaghi

This is a travel guide for history lovers. Why is Washington D.C. where it is and how did it come to be there. Those are two of the early questions the book addresses.

The perfect book for those who want to understand Washington as well as visit it. Well researched, insightful and humorous.
