# Joe's Law: America's Toughest Sheriff Takes On Illegal Immigration, Drugs And Everything Else

## Synopsis

He is both feared and admired, and for the past two decades he has been both lionized and demonized by the media. Outspoken, no-nonsense, and eminently fascinating, Joseph M. Arpaio captured the public's imagination from his first day as sheriff of Maricopa County, Arizona (a county larger than the state of New Jersey), in 1992. He has become an icon, not only in his own state, but around the world. For 16 straight years he has averaged an unprecedented 80-percent approval rating. In this book, *America's Toughest Sheriff* takes an uncensored look at some of the most difficult and important issues facing America today. The only local law-enforcement official in the country directing his deputies to arrest illegal immigrants, Arpaio has shamed the U.S. Border Patrol, the Dept. of Homeland Security, and other federal bureaus, and has become a prominent leader in the fight against some of our most pervasive problems. In *Joe's Law* he tackles the issue of illegal immigration head on: its relationship with drug trafficking, taxes, and crime, and how it impacts health care and education as well. Arpaio offers fair and innovative ways to solve this dilemma and many others, not only for his own state, but for the entire country. The sheriff's struggle has personal consequences as well, as the book opens with the revelation of an all-too-credible assassination plot against him, arising from his aggressive and very public anti-illegal immigration campaign. Compelling and courageous, *Joe's Law* is a candid take on some of American society's most pressing problems, and one man's revolutionary vision for eliminating them.

## Customer Reviews

Sheriff Joe is a great example of how ALL our elected officials should act and conduct themselves. Joe stands up for what is right and makes sure the law remains the law. Excellent read for everyone!

It was an interesting book and explained a lot on why the sheriff is passionate about immigration and drugs. Not a bad read

One that should be required reading in High School or College. More of America needs to read it. Highly Recommend if you really want to understand some of the issues in America

Joe is a true patriot ; a working life dedicated to effective law enforcement and will never be compromised. No one that is not intimately knowledgeable of Joe will ever know how hard he has worked throughout his life in the law enforcement profession. What an outstanding public servant, and true American

You just can't help but to love the man and his way of doing things. I think this is a must for everyone!

Great book and especially meaningful being we met him at a meeting and had pictures taken with him. He tells it like it is.

Joe's Law is a great read. It will take you through what the Toughest Sheriff has been through and a great background on him and why he does what he is doing.

So, you thought he was just an odd sheriff with an odd sense of humor? He is tough and dedicated to the law. Find out his qualifications here.
