Horse Soldiers: The Extraordinary Story Of A Band Of US Soldiers Who Rode To Victory In Afghanistan

Synopsis

From the New York Times best-selling author of *In Harm's Way* comes a true-life story of American soldiers overcoming great odds to achieve a stunning military victory. *Horse Soldiers* is the dramatic account of a small band of Special Forces soldiers who secretly entered Afghanistan following 9/11 and rode to war against the Taliban on horses. Outnumbered 40 to 1, they pursued the enemy army across the mountainous Afghanistan terrain and, after a series of intense battles, captured the city of Mazar-i-Sharif, which was strategically essential to defeat their opponent throughout the country. The bone-weary American soldiers were welcomed as liberators as they rode into the city, and the streets thronged with Afghans overjoyed that the Taliban regime had been overthrown. Then the action took a wholly unexpected turn. During a surrender of 600 Taliban troops, the Horse Soldiers were ambushed by the would-be POWs. Dangerously overpowered, they fought for their lives in the city's immense fortress, Qala-i-Janghi, or the House of War. At risk were the military gains of the entire campaign: If the soldiers perished or were captured, the entire effort to outmaneuver the Taliban was likely doomed. Deeply researched and beautifully written, Stanton's account of the Americans' quest to liberate an oppressed people touches the mythic. The soldiers on horses combined ancient strategies of cavalry warfare with 21st-century aerial bombardment technology to perform a seemingly impossible feat. Moreover, their careful effort to win the hearts of local townspeople proved a valuable lesson for America's ongoing efforts in Afghanistan.

Book Information

Audible Audio Edition

Listening Length: 16 hours and 40 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Simon & Schuster Audio

Audible.com Release Date: December 7, 2012

Language: English

ASIN: B00AKKHJS6

Best Sellers Rank: #36 in Books > Audible Audiobooks > History > Middle East #104 in Books > History > Military > Afghan War #252 in Books > Audible Audiobooks > History > Military

Customer Reviews

Horse Soldiers will take readers from the freezing interior of a high tech Chinook helicopter flying higher than it safely can through the mountains of Afghanistan delivering soldiers to desert gun

fight fought on horse back harkening America's old west. It's a modern day Odessy written with a journalist's penchant for detail and Homer's gift for telling a warrior's story. In the end it is also the harrowing tale of how a small group of American Special Forces and the CIA working with Afghan soldiers managed to defeat the Taliban in one of the world's remotest battlefields. It's not a book about politics. Stanton sets out to tell what happened, how it happened and who it happened to. He does this with startling attention to detail and an objective overview of U.S. Military actions. At one point American bombers can't seem to hit a target whether the bombs are guided by Global Positioning System coordinates or LASERs. Near the end of the book they drop a bomb on some of their own men. But it is Stanton's ability to weave a story that brings the book alive and takes readers to places they would rather not be to hear things they would rather not hear and to see things they would rather not see and to smell things they would rather not smell. The story is told in a narrative fashion sometimes switching between Afghan battle and a spouse battling her emotions about whether her husband will come back home. And, although this switching back and forth fills in interesting background, it's a technique more akin to screen writing than book writing. It makes it harder for readers to keep track of what's happening to whom.
