Advertising Research: Theory & Practice (2nd Edition)

Synopsis

Discover how to design and use advertising research. In order to become a successful advertising professional, it's important to understand the importance of research. Advertising Research: Theory & Practice shows readers how research helps advertisers make the best decisions in regards to strategy, target audiences, and creativity in a complex consumer and media environment. New chapters have been added in this edition that highlight recent developments in advertisers' behaviors. Changes and advancements in research design and methodology are also addressed.

Customer Reviews

It is easy to understand, especially for beginners~! I really recommend this book! It contains a lot of information !

This is a required text for my college course. I will not have an opinion until class completion.
