If you want the piano accompaniment you must purchase the piano version. There are 3 lines for solo, duet, or trio. The solo line will stand on it's own, but is much better with piano accompaniment. I would say the difficulty is 2-3 year student, but with the piano accompaniment they work for church offertory.

Love this praise book! Great for the beginner and the experienced player. The only thing that is somewhat annoying, is that some of the songs are spread out over 3 pages, so it will make it hard to play during the Worship service.

I order this for my Granddaughter. Her opinion is that is excellent sheet music and just what she wanted to expand her horizons on her flute. She plays mainly for her own pleasure and our enjoyment.

I got this as one of 3 Christian music books for my flute player in the beginning band. It is not her favorite one of the three. But hey she is a beginner. It is for her reasons not my own that it gets four stars not five. But as a mom, I will say that her rating might change after she can play more and more of the songs and learns the different rhythms.

I love the songs in this book. Playing them brings joy to my heart and I am sure will do so for others in worship. Thank you.

Loving it! :)

Excellent book just want we wanted we would recommend this book to a friend any time very nicely laid out
