Rhythm By The Numbers: A Drummer's Guide To Creative Practicing, Book & DVD

Synopsis

Rhythm by the Numbers provides a fundamental and comprehensive way to learn and use rhythm in drumming. Born from the author's lifelong interest and involvement with rhythm and rhythmic exploration, this book will help students become more creative players by developing vocabulary that does not come from rote learning. The method presents notes within a given metric space that can be applied in various ways at the drumset in any style, in any tempo, and using any note value. The DVD includes examples of Ralph Humphrey demonstrating various ways to apply selected rhythmic elements from each chapter.

Customer Reviews

Not just a book, it's a guide, helping you develop the ability to improvise and access rhythmic groupings and motifs over any situation, style, or note value. The DVD is a huge bonus as it gives you a great demonstration and starting point, as well as direction on where how you can take it any direction you choose. A fabulous addition from a master instructor!
