The "Restoration of Lost or Obliterated Corners and Subdivision of Sections: With Index and references to the 1973 and 2009 Manuals of Survey Instructions" is a concise description of the regulations pertaining the land surveyor's practice on lost or obliterated corners. This is what I was looking for to study for my LSIT coming exam. I recommend it to everybody interested in the subject.

It bounces around a lot is in not very fluid in its explanations. It is also hard to get an affirmative answer from.

This is a great creatine product. As a body builder creatine is esential for gaining lean muscle mass and strength. Creatine monohydrate is the safest and best way to reach these goals. This product mixes well and is tasteless. I just finished my loading phase and can already see an increase in my rep count. Above all I got this great product for a dollar... Thanks Sheer Strength!!!
