Customer Reviews

After watching the movie, I decided to get the book. I was not surprised to see that there was a lot more detail in the book. Although it would be pleasing to me if the book also had a song lyric section. Though this book is mainly based towards children, it is a good opportunity for adults that want slightly more detail than the movie includes.

What a great book for kids! New characters, excitement, suspense and an ending that would never be expected! Can't wait to see the movie Thanksgiving weekend!

This book has twist and turns where ever you go! It was amazing with all it's unknown surprise and and happy fun characters and locations. I really enjoyed this book!!:-)

My 7 year old daughter loved this book. It accurately told the story, and though there were no pictures throughout, there were lots at the end of the book. She wrote the review title herself.

A good read for fans of the movie and young children alike. The added scenes and information to the movie make it almost a must read.

My daughter is 8 and struggles with reading comprehension. I was hoping this would be a good book for her since she enjoyed the movie so much. She read the book in about 5 days and it was a good match since it follows the storyline of the movie.

The best book ever. Elsa has awesome powers. I would love to have Elsas powers. Great book to read ages 8-12. I think all my friends would love it and I think you will too.

Having this keeps my daughter reading. its short & does go with the movie. It may be a 5 year old's "novel" but my 11 year old loved it all the same
