Customer Reviews

I loved this item for, in my case, learning songs. I write a portion of the notes on the paper, then practice that particular section of the song until I have it learned well. Shipment was fine. I will keep this seller in mind for other similar items.

Being a Prime Member and getting Free shipping, this gets a 5 star from me, just what I was looking for to copy musical notes from YouTube onto paper, I much prefer the wide staff, much easier to read.

i am not used to writting out notes so this greatly helps! i am now just learning the tenor clef and thumb positions so those are new that if write them ojt it will stick to my brain!

Just what is needed to compose for younger folks. I wish the size was 8 1/2 by 11 instead of the small square book.

There are more staves on this page and I love the size of the staves. Wish there were more sheets in the book.

Just what it said it was in the picture and description. Came quickly. Good price. What else can I ask for?

These are great. Although the cover makes it look like it's for kids, I'm an adult taking piano lessons, and the inside pages are great for my teacher to make notes.

It was a gift for my niece, whom's currently studying Piano lessons, her mom said the book definitely helps.
