## Customer Reviews

I've been a Susie Bright fan for years due to her sharply on-target essays about the culture and politics of sex. Nobody can capture how Americans feel about sex (and whether those views are justified or pretty stupid) like Susie Bright can. Susie Sexpert's Lesbian Sex World was compiled from essays written for the lesbian erotic magazine *On Our Backs*. In her book, she covers everything from gay pride to sex toy vandalism to the mysterious allure of straight women. *Lesbian Sex World* has none of the gawkiness of a typical early effort. This can be attributed to the shortness of each essay (1-2 pages) creating a strong focus. However, Bright also has a talent for detail that any writer would envy. Remembering a past lover, she writes, "Monique was the first real sensualist I was ever intimate with. She brought a bowl of roses to her bed and told me to inhale the fragrance before I ate the [peyote] buttons. She had the Stones' 'Sticky Fingers' on her tape player, and outside there was a terrific windstorm shaking the eucalyptus grove that surrounded the shed she lived in." Speaking of sensualists, *Lesbian Sex World* may appeal best to them (no surprise, considering where those essays were originally written). Still, those who consider Bright to be a writer on culture and politics may be blown away by the utter sexuality of these writings. That may

be the book's best feature -- how many of Bright's current fans know that writing about sex itself is what she does best? For example, "Gay Day Mama," a tale about riding in the San Francisco Gay Day march, is a revelation about why sexual freedom is worth fighting for, namely the job of being your wild self without reservation or apology.
