We're on chapter 12 of 22, each chapter takes about 15 minutes to read, perfect for reading time.

You know the story, your kids know the story, it's told with a good reading level for 4th graders, I think.

"Finding Nemo" has always been one my favorite Pixar films. Why, you may ask? Well... let's sea (HA-ha-ha!); fish, water, sea creatures; with friends like these, who needs enemies? OOPS!!! I meant, 'fronds' and 'anemones', Marlin! Once again, I absolutely LOVE DNs (Disney novelizations)!

very well detailed and remarkably long. it has 21 chapters!!! Its what i've been looking for years . i hope you fellow readers out there enjoy this book as much as i did. this is the first finding nemo chapter book i've been able to find in years. i love the way it clinks with the actually movie. this is one of the best chapter books i've read yet.

great for a book to read chapters out of as a night story for my daughter at bed time.
