## Customer Reviews

You're going to need to replace your mattress. Oh yeah. To gain abundance, you can't sleep on your bed. You replace it with some brown fabric. Good luck. Apart from that, the book is filled with bizarre recipes including candles that burn all night, endless oils and herbs, and there is absolutely no instruction on the emotional aspect of magick. A quickly written book. Barely 30 pages, totally lacking substance.

It makes it easy to follow about how to cast spells to harness the natural energies to acquire the things you desire most .It did a great job in introducing various magick spells for wealth, love, happiness and protection. Thanks for sharing!

good book for beginners to learn
