# Robert's Rules Of Order (Speedy Study Guides)

## Synopsis

Robert's Rule of Order is a reference guide design to provide direction for the orderly conduct of meetings. It is beneficial in that it is written in detail and can cover meetings by any type of group or board. It can be used as a reference guide as it is currently published and aides a body seeking to design rules of procedures as to how they will conduct their own meetings.

## Customer Reviews

The full Robert's Rules of Order can be a bit daunting for all but those highly dedicated to learning about parliamentary procedure. This small guide distills all the information into a highly understandable form.

WORTHLESS - I wanted a printable handy reference. I wonder if the print could be any smaller on any device. Don't waste your money on any "Digital Study Guide" without the option of creating a printable version.

it is too small to read or be of any usefulness

It is a great guide. I had no problem with the font like another reviewer. My guess is that it is what they are reading it on and not the actual guide.

Excellent quick reference guide for newly elected board members new to conducting business. Recommend all newbies to download this quick start guide.

Not exactly what I was looking for - too short a version for the meetings I am trying to run. Guess I will have to get my hands on the hard copy!

On Kindle-Type is too small to read, no way to blow it up. I can't read it with a magnifying glass. It is useless

Delivered on time and in great shape. Nothing much to love about Robert's Rules of Order...BUT it is very helpful. Thanks!
