Gardner's Art Through The Ages: A Global History, Volume II

Synopsis

The 15TH EDITION of GARDNER'S ART THROUGH THE AGES: A GLOBAL HISTORY, VOLUME II provides you with a comprehensive, beautifully-illustrated tour of the world's great artistic traditions! Easy to read and understand, the fifteenth edition of the most widely-read art history book in the English language continues to evolve, providing a rich cultural backdrop for each of the covered periods and geographical locations, and incorporating new artists and art forms -- all reproduced according to the highest standards of clarity and color fidelity. A complete online learning environment, including all images and an eBook, is also available. The unique Scale feature will help you better visualize the actual size of the artworks shown in the book. "The Big Picture" overviews at the end of every chapter summarize the chapter's important concepts and will help you review for exams.

Customer Reviews

DO NOT BUY! This is an art history text, which for some would mean the images are arguably the most important part, and on this version they are absolute crap. Every image in this book is so contrasty you can't make out any of the subject matter in the mass of black the dark areas have become, and further, none of them are high enough quality to zoom your screen in on for a better look. I've attached images of the painting used for the book's cover as it appears in the text, as an example of how dark and low resolution the images are.

I loved this book, It's great, and has so many of the chapters that I needed for my Art History Class. The only thing is that it's thick and it's quite heavy. But, other than that, it's exactly what I needed.

I can't believe this is a textbook. No one can see anything the text describes in these terrible low resolution photographs. At these prices? And it's a requirement for the class. The publisher should be embarrassed.

If you actually read this book for class like you're supposed to, you won't be disappointed. Fantastic facts, stories to back up the characters portrayed and not just a list of works. The print is small and there is a lot to read but the smell of this book and the beautiful pictures tend to make up for it. :)

My daughter is an art major and loves this book!

This review is more about the quality of the book and not its contents. The book was so nice and clean and didn't smell like most rentals I receive. It looked basically brand new. I was really pleased.

Lots of good info here.
